Unit Overview

This comprehensive 5-day training course is designed to equip participants with the required skills and knowledge to perform dogging work in accordance with national licensing requirements. Dogging involves slinging loads, selecting and inspecting lifting gear, and directing crane operators when the load is out of their direct line of sight.

The course is aligned with the National Standard for Licensing Persons Performing High Risk Work, ensuring all participants are prepared to undertake dogging tasks in a variety of high-risk environments safely and competently.

Training is delivered through a combination of theory, practical demonstrations, and hands-on learning, with a strong emphasis on workplace safety, hazard management, and load movement control.

This course is ideal for individuals working in or intending to work in:

- Construction
- Mining
- Civil Infrastructure
- Transport and Logistics
- Heavy Industry or Plant Operations

Completion of this course is a requirement for those needing a **High Risk Work Licence (class DG)** to legally perform dogging duties on Australian worksites.
